

UNIQUE STRUCTURE

ENGINEERING STRUCTURES BUILT FOR INDUSTRIAL GROWTH

MANUFACTURER OF

- PRE-ENGINEERED BUILDINGS (PEB)
- INDUSTRIAL STRUCTURES
- MACHINE STRUCTURES
- INDUSTRIAL FABRICATION EQUIPMENT

ABOUT US

Building Strong Foundations For Industries

Unique Structure is a manufacturer and fabrication partner specializing in Pre-Engineered Buildings, industrial structures, machine structures and custom industrial fabrication solutions.

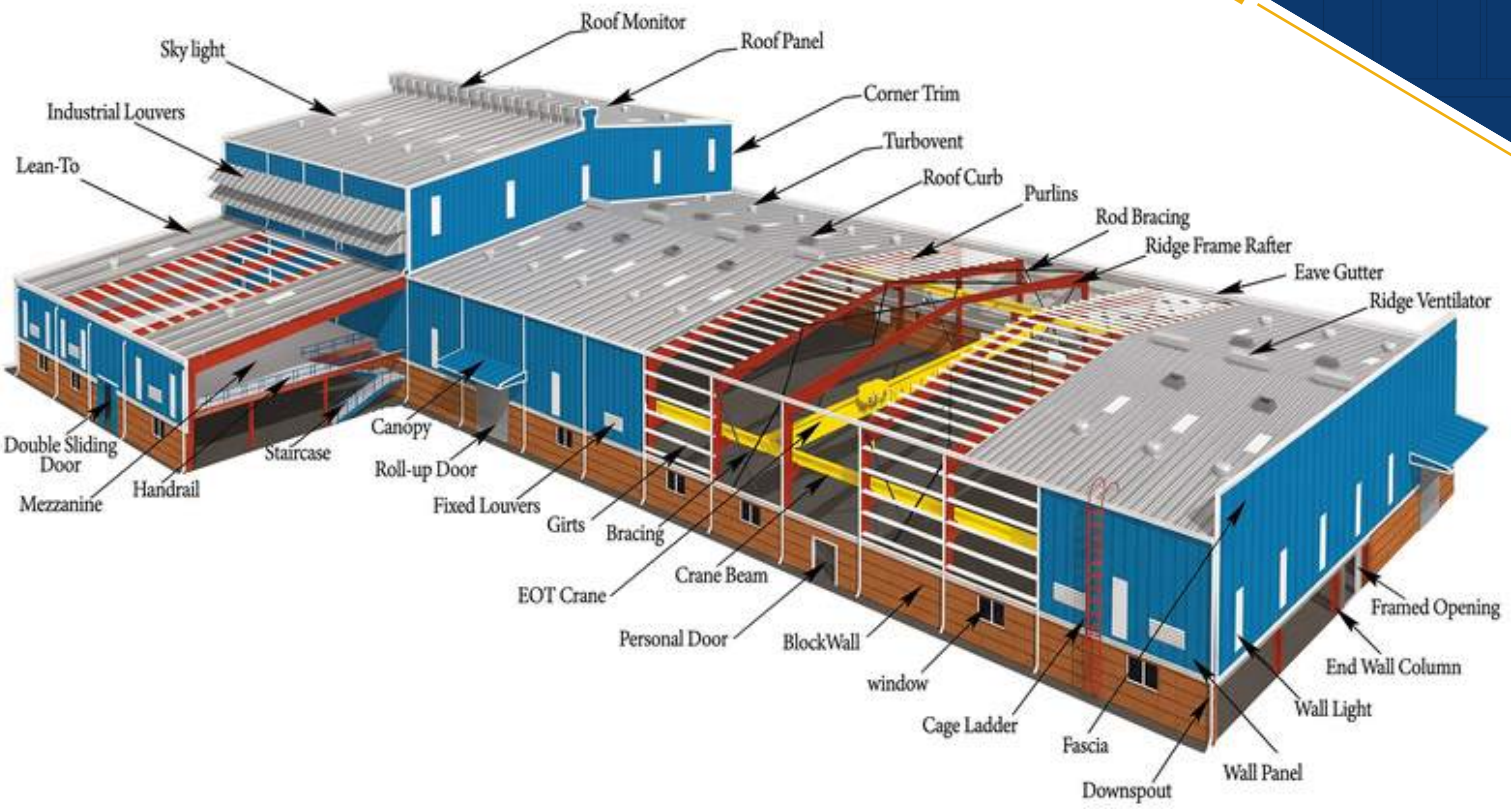

With expertise in precision manufacturing and industrial fabrication, we deliver structures designed around diverse industrial requirements - from design and fabrication to installation and turnkey execution.

Quality Engineering
Engineered solutions built around precise project requirements and structural safety standards.

Precision Manufacturing
Accurate cutting, bending and fabrication powered by advanced technological machinery.

Timely Execution
Planned operational execution ensuring smooth, on-schedule project delivery.

Long-Term Reliability
Robust structures designed for dependable, heavy-duty industrial performance.

OUR STRUCTURE SOLUTIONS

At Unique Structure, we deliver engineered structural solutions designed to meet diverse industrial requirements. From PEB structures to turnkey projects, every solution is built with precision, durability and performance in mind.

PEB STRUCTURES

Engineered steel buildings designed for efficient, durable and cost-effective industrial solutions.

CONVENTIONAL STRUCTURES

Heavy-duty structural solutions designed for strength, flexibility and reliable performance.

PORTABLE / PREFAB OFFICE CABINS

Ready-to-use modular office solutions designed for quick installation and practical workspace needs.

MACHINE STRUCTURES

Precision-engineered supports designed for industrial machinery and operational needs.

SOLAR MOUNTING STRUCTURES

Strong and reliable mounting structures manufactured for solar energy projects.

TURNKEY PROJECTS

End-to-end project execution covering structural requirements and streamlined installation.

INDUSTRIAL FABRICATION & MACHINING

Advanced Industrial Fabrication Capabilities

CNC CUTTING SERVICES

CNC Plasma Cutting

High-precision cutting for complex steel components with accuracy and efficiency.

CNC Oxyfuel Cutting

Heavy plate cutting capability for demanding industrial fabrication requirements.

Press Brake Bending

Accurate sheet and plate bending for customized fabrication needs.

CUSTOM INDUSTRIAL FABRICATION

Tanks - SS / MS

Custom-built storage and process tanks manufactured according to industrial requirements.

Vessels

Fabricated vessels designed for demanding industrial applications.

Reactors

Precision-fabricated industrial reactors focused on strength and reliability.

Industrial Fabrication Equipment

Advanced equipment and fabrication capabilities supporting accurate and efficient industrial manufacturing.

PROJECT PORTFOLIO

DEVAM ASSOCIATE, WAGHODIYA GIDC

Our Work Speaks Through Our Projects

Our projects reflect our commitment to quality engineering, precision execution and reliable industrial solutions. From PEB structures to customized industrial facilities, we deliver every project with attention to detail, ensuring strength, efficiency and long-term performance.

PRIME ESTATE , MANJUSAR

V BRAND ENTERPRISE, WAGHODIYA GIDC

PRIME ESTATE, UNIT 3&4, MANJUSAR.

WHY CHOOSE US

Why Industries Trust Unique Structure?

ENGINEERING EXPERTISE
Experienced professionals delivering customized structural solutions.

TURNKEY EXECUTION
Integrated project execution from structural requirements through fabrication and installation.

COMPLETE FABRICATION CAPABILITY
From cutting and bending to final fabrication under one roof.

QUALITY MANUFACTURING
Focused on precision, strength and consistent manufacturing quality.

CUSTOMIZED SOLUTIONS
Structures designed according to specific project requirements.

TIMELY EXECUTION
Committed to delivering projects within planned timelines.

INDUSTRIAL UNDERSTANDING
Experience serving diverse industrial requirements.

OUR ESTEEMED CLIENTS

Trusted By Leading Industries

Our commitment to quality and reliability has helped us build strong partnerships with reputed organizations.

KEC International Cables Limited

Basell Polyolefins India Pvt. Ltd.

Mercury EV-Tech Limited

Flint Group India Pvt. Ltd.

Unicrop Biochem Pvt. Ltd.

Shrusti Engineers

V Brand India

Devam Associates

Shilchar Technologies Limited

Prime Industries

Whitegold Minerals

GET IN TOUCH

Let's Build Your Next Industrial Project Together

From PEB structures and industrial sheds to fabrication, machine structures and turnkey projects, Unique Structure delivers industrial solutions built around performance and project requirements.
